PRESIDENT'S COLUMN

We are pleased to see what a great response the meeting in Brisbane is receiving. We have a full academic program and will be arranging social events to bring the Committee on Family Research together. The CFR academic meetings are scheduled as are the other research committees on the campus of the Queensland University of Technology for afternoon and evening sessions. We are planning some informal gatherings between the afternoon and evening sessions for several evenings. There are several interesting program tracks in the ISA morning program. Stella Quah, Bernadette Bawin-Legros and Jake Najman are convening a series of sessions addressing Sexuality, Families and Forms of Intimacy. The program on Thursday morning is focused on cross-cultural aspects of sexuality and HIV/AIDS. On Friday morning Jan-Marie Fritz and Linda Christiansen-Ruffman are convening a session on the women's movement at the verge of the 21st Century. There is much to choose from and many fresh perspectives. We look forward to seeing you in Australia.

HONORARY PRESIDENT'S COLUMN

Back again to Australia! The CFR had an international seminar in Australia many years ago, in 1984, we had the XXth seminar situated in Melbourne. The topic was *Social Change and Family Policy*. To my knowledge this was the seminar we ever have organized with so many participants. Those of us presenting were literally on the stage in a big convention hall. The audience consisted of, as usual, colleagues but also lots of interested persons practicing social work, law and politics, to mention some specialties.

Organizer was *Don Edgar*, at that time Director of the Australian Family Study Center in Melbourne. The organization was perfect and beside the intellectual events we also went to a sheep farm where we ate a lot of good food and drank some delicious Australian wine, which to many of us was a new experience – now those wines are common and also fully respected as should be. We also saw a poor sheep be “freed” from all its wool.

At this seminar we introduced a new CFR-policy, which has become a tradition: all participants became members of the CFR, the four-year fee was included in the dues for participating at the sessions of the seminar. Since there were more than 200 participants a good ground was formed for the financial stability of the CFR, from which we now gain.

This World Congress is also special for some of us and I am one of them: this is the tenth time I am going to an ISA international and world congress and I have been at them all since then. My first was the VIth and held in Evian, France. There I met some persons who became very good friends, one of them is, Wilfried Dumon. The weather was fine, the food was excellent (of course since we were in France) and the site was not crowded – just some 2,000 to 3,000 participants. I am afraid that we will be many more in Brisbane. But one issue will be the same: we will meet old friends and make new friends!

FROM THE SECRETARY

This issue of the Gazette consists of CFR's programme for the World Congress in Brisbane. The list does not reveal the actual interest in the sessions since many papers were refused because of the early deadline for submissions of abstracts. Many of those presenting at RC 06 sessions are not members of the CFR. I want to urge the chairs of each session to make sure that all the presenters are members or will become members of the CFR. The membership fee is USD 40.- (the same as 30 years ago!) for four years and USD 10.- for students.

Members who have not paid since 1999 and 2000 will not be able to continue their membership after the Brisbane conference – unless they pay very soon. Please pay as soon as possible – either with a US check or to CFR's account: # 6042 06 23383, Nordea bank, Frognerveien, Oslo, Norway (NOK 360 and 80 for students).

If you do not want to continue your membership in CFR, please contact me directly by e-mail (Irene.Levin@oks.hio.no) and I will delete your name from the list. But I hope all will remain members.

PROGRAM FOR THE CFR SESSIONS AT THE ISA XVTH WORLD CONGRESS IN BRISBANE JULY 7–13, 2002

Monday, July 8, 1330 – 1515

Session 1: **MARRIAGE, FAMILY, AND RATIONAL CHOICE**
Joint session with RC 45 (Session 8)

Organizers & Chairs: **Bernhard Nauck**, University of Chemnitz, Germany,
